

WINTER 2020 ENROLLMENT BEGINS NOVEMBER 14

→ Check your UCSC portal for your appointment time!

A FEW THINGS TO REMEMBER

Psyc 1: Psyc 1 is a gated course, which means seats are released each day of enrollment. If the course is closed at the time of your enrollment, we recommend checking the course schedule the following day to see if there are any seats available.

Psyc 100: Note that students typically take Psyc 100 sometime during their Junior year.

Waitlists: Waitlists will not be available during your first enrollment appointment--waitlists become available during your second enrollment appointment, which you can find by going to your Student Center in MyUCSC and clicking on Enrollment Dates.

Permission codes: Do not contact faculty or lecturers requesting permission codes. Juniors and seniors who were unable to enroll in any upper division courses are eligible to request permission codes from the department. **After the first pass enrollment**, an email will be sent with instructions on how to request a permission code(s). Please note that permission codes are not guaranteed.

DO YOU HAVE A HOLD?

CHECK IF YOU HAVE A HOLD ON YOUR ENROLLMENT BY LOGGING ON TO THE MYUCSC PORTAL AND SELECTING THE STUDENT CENTER. INFORMATION ON HOW TO REMOVE EACH HOLD IS INCLUDED.

DIDN'T GET INTO THE CLASSES YOU WANT?

- Enroll in GEs or take a course for fun- your major courses & GEs combined aren't enough units to get you to the 180 units needed for graduation, so try something new!
- *Cognitive Science majors:* enroll in Interdisciplinary Electives
- *Psychology majors:* enroll in your upper-division outside-the-major course
