

# “ *Not eligible to declare?*”

If you are required to declare this quarter, follow the instructions [here](#) to submit your request by the declaration deadline. An advisor will review your record & follow-up via email with you and your College.

If you are **NOT** required to declare a major this quarter, wait to submit your request to declare until you are eligible. *Please confirm with your College if you are not sure in which term you are required to declare a major.*

**If you want to ask if you are eligible to submit an appeal for major admission, please email [psyadv@ucsc.edu](mailto:psyadv@ucsc.edu).**

*Appealing for major admission may be an option if you have completed all declaration requirements, but haven't met the minimum grade or GPA requirement to declare. If you have **not passed** (earned at least a C or P) all declaration requirements, you are **not** eligible to appeal for major admission.*
